Proposal for Mobile Test Wagon for Type I Equipment

1. Attached is a proposal from Perkins-Elmer for a Mobile Test Wagon for Type I Equipment. This wagon is to be used as a go-no-go test cart for pre-flighting the camera just prior to installing it in the aircraft. It is intended for use either at the south hangar complex or at a deployment site.

2. The estimated cost of one test wagon is \$80,000.00. Each succeeding wagon is \$63,000.00. Lead time is about five months.

3. Request you evaluate this proposal and give us your comments. Please include your recommendation on requirements.

(Signed) Jack C. Ledford
